

**Title :** 27. Net Drive Tip (Half Ice)**Category #1 :** **Category #2 :** **Description**

Purpose: Teach young players to crash the net and look for tips and rebounds. This drill is done with no obstruction in order to teach players to go in a straight line to the net to create scoring opportunities. Defenseman may be added in later drills.

1. On the whistle, X1, X2, and X3 skate at full speed through the pylons and skate into the highlighted area.
2. A coach will take a low shot for tips and rebounds, or make a hard crisp pass to one of the players for a quick shot.

Option: Coaches can choose to let the drill play out until a goal is scored or limit to one or two rebounds.

**Key points:**
